PALAIS DES FESTIVALS ET DES CONGRÈS OF CANNES

OUR VALUES : ETHICS - RESPECT - COHESION - PROFESSIONALISM - CREATIVITY - PERFORMANCE - AMBITION

Created in 1992 and vested with a public service delegation contract, our company is entrusted with several tasks:

- Managing and running the Palais des Festivals et des Congrès de Cannes and the Tourist Information Centre;
- Promoting and presenting Cannes as a tourist destination;
- Creating an attractive cultural programme.

In an economic situation that has been weakened by the global health crisis, we are aware that social, societal and environmental changes are affecting our activity more than ever.

Our plan for the Palais des Festivals et des Congrès de Cannes is to ensure the company's long-term economic viability with the aim of conveying a modern, attractive and safe image of the Cannes Bay area.

The ongoing search to improve our performances during this unprecedented period has manifested in the implementation of strict health protocols, ensuring that our employees, customers and visitors are welcomed to a healthy site, where the risk is 93.5% controlled, and this still with a view to limiting the environmental impact of our measures.

Our undertakings are based on the following priority goals:

QUALITY

Control the performances of all our contributors and service providers
Boost trust in our clients
Improve the "Palais experience" by continuously training our employees and encouraging their commitment.

ENVIRONMENT

Combat the wastage of water, electricity and paper
Reduce our waste production
Build sustainable tourism
Reduce the production of CO2

SAFETY

Ensure our employees are protected
Afford our clients, visitors and staff maximum safety
Guarantee the absolute cleanliness of our spaces
Ensure optimum safety for people and property
Continuously improve our working conditions

SOCIAL RESPONSIBILITY

Promote ethical behaviour
Support local associations
Ensure transparent dialogue with our customer base and our social partners
Develop our social responsibility policy
Prevent and combat discrimination and corruption

All our employees are responsible for applying and promoting this policy, in compliance with the applicable regulations, health protocols, Human Rights and our national and international ethical and environmental undertakings.
